

Tip-Over Prevention

- Increases Stability When Used With Larger More Active Animals
- Holes In Feet For Rigid Mounting At Ground Level

Testimonials

"Ingenious solution to a common problem. Takes the guess work out of proper feeding of animals."

**- Susan Hansen, Manager
McCormick's Pet Motel
Austin, Texas**

"Raising goats is hard enough. Thanks for making my life simpler with this great product."

**- Lyle Sutton, Rancher
Taylor, Arizona**

"With a busy lifestyle that takes me away from home a lot, I worry about my pets. I am grateful for a product that takes the worry out of leaving them home."

**- Sharon Call, Pet Lover
Orem, Utah**

Mission Statement

Necessity is the mother of invention. At Horizon Design & Manufacturing, this idea is the focus of our vision and the driving force of our efforts. Our quest is to provide simple and innovative technical solutions for the everyday world we live in. History has shown that the simplest of improvements often make the greatest impact in our world. We are designing and creating today...the ideas of tomorrow. We believe the "better mousetrap" is ...just on the Horizon.
